Honorable Felix J. Boudreaux
Commissioner of Conservation
Post Office Box 94275
Baton Rouge, Louisiana 70804

Re: Rob I RA SUB, Oakley Field, Assumption
Parish, Louisiana, Applicant: Chaparral
Energy, Inc.

Dear Commissioner Boudreaux:

Application is hereby made on behalf of Chaparral Energy, Inc. for the calling of a public hearing, after ten days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters regarding the Rob I Sand, Reservoir A, SUB, Oakley Field, Assumption Parish, Louisiana, for which rules and regulations were established and drilling and production units were created by the Office of Conservation Order No. 554-D-1, effective May 16, 1972.

1. To permit applicant Chaparral Energy, Inc. to utilize the Chaparral - J. Aron Well No. 2-D as a substitute unit well for the Rob I RA SUB, such well to be at the exception to location shown on the plat attached hereto and made a part hereof;
2. To find that, except to the extent contrary to the order granted by the Commissioner of Conservation in connection with the hearing held on this application, the provisions of the 554 series of Office of Conservation Orders shall remain in full force and effect, and

Honorable Felix J. Boudreaux
Commissioner of Conservation
Page 2

3. To consider such other matters which may be pertinent to this application as shown by the evidence presented at the hearing held on this matter.

The Rob I Sand, Reservoir A, Oakley Field, Assumption Parish, Louisiana was previously defined in Office of Conservation Order No. 554-D-1, effective May 16, 1972.

The existing unit well for the Rob I RA SUB is no longer capable of commercial production and the applicant is, therefore, requesting permission to designate and utilize the Chaparral - J. Aron Well No. 2 as the substitute unit well for this unit, as said well is better able to produce the remaining unit reserves.

Attached hereto and made a part hereof is a plat outlining the Rob I RA SUB, showing the location of the current and proposed substitute unit wells together with a list of the names and addresses of all interested owners, interested parties and represented parties who are known to the applicant after reasonable search. A reasonable effort was made to ascertain the names and addresses of all such parties.

A copy of the list of the names and addressees of the interested owners, interested parties and represented parties is not being mailed to those parties along with this hearing application. Should any of the parties desire a copy of this list, however, we will provide one upon request.

Any pertinent data relating to this matter can be obtained at the cost of the requesting party, from Charles Smith, 5743 S. Pollard Parkway, Baton Rouge, Louisiana 70808 (225) 767-2240.

Finally, enclosed is our check made payable to the Office of Conservation, which represents the required hearing application fee.

Very truly yours,

STRAIN, DENNIS, MAYHALL
& BATES, L.L.P.

William S. Strain
